

## March Environmental Tip:

# Poly-cart Storage & Maintenance

Residential customers should adhere to the following practices...

- Place containers at the collection point **no sooner than 5:00 pm the day before scheduled pick-up, and no later than 7:00 am on the day of pick-up.**
- Remove containers to their normal storage area (behind the front building line) **within 24-hours after collection.**
- Maintain containers in a serviceable and sanitary condition.
- Only use containers for approved refuse and recyclables.

*If you have any questions about poly-cart storage or maintenance, or if you have any other environmental inspection questions, visit the City's website at [www.newtonkansas.com](http://www.newtonkansas.com), or call Nolan Dealy, Environmental Inspector at 316-284-6023.*
